

Lenin – Inventor of Modern Politics  
By Sylvain Lazarus

I. What is Modern Politics?

It is about, the whole parliamentary mode of politics.

II. Capitalo-Parliamentarism – Parliamentary subjectivity

That in fact capitalism, and even state capitalism is finally the debate of parliaments. And finally liberalism.

III. Communism after this.

Lenin would argue that we insurrect, and produce a Dumans which will win.

IV. Why he is the Inventor of Modern Politics?

Politics means Dumas, and we call that Party formation, Democratic Centralism and even Lines.
